

SEVEN TIGERS FOOD & MEAT TRADING COMPANY

# COMPANY OVERVIEW

## OUR STORY

Seven Tigers Food and Meat Trading (STFM) is a premier global exporter and multi-category supplier dedicated to bridging the gap between world-class production and international demand. We operate as a comprehensive powerhouse in the global trade landscape, specializing in the sourcing, processing, and distribution of high-caliber proteins, fresh produce, and essential consumer goods.

Seven Tigers Food and Meat Trading is committed to being the premium standard in food exportation. We view ourselves as guardians of the global food supply, dedicated to fostering long-term partnerships through unwavering reliability. By harmonizing traditional trade values with modern export efficiency, we ensure that every shipment reinforces our position as your most trusted partner in the global food and meat industry.

### Global Certifications:

Beyond logistics and trade, STFM is deeply invested in the future of global agriculture. We prioritize sustainable sourcing and ethical procurement practices, ensuring that our growth contributes positively to the communities and environments we operate within. By partnering with responsible producers and implementing eco-friendly supply chain solutions, we ensure that our global footprint is as conscientious as it is expansive. This commitment to integrity guarantees that when you partner with Seven Tigers, you are supporting a transparent, future-proof food network that values quality and responsibility in equal measure.

## GLOBAL LOGISTICS

- **Advanced Cold-Chain Infrastructure:**

To maintain “fresh-from-the-source” quality, we utilize state-of-the-art climate-controlled shipping.

- **Compliance & Certification:**

Every shipment is backed by stringent veterinary and health certifications, including full compliance with Halal and Premium standards.

- **Global Distribution Grid:**

With established shipping partnerships and optimized routes, we provide consistent, timely delivery to any port in the world, regardless of volume.
